To assemble the promotional counter, first of all, unfold the aluminium tube structure and secure it with the connecting sections (step 1). Then, secure the tube structure to the shelves of the counter, to do this, simply insert the aluminum tubes into the connection pieces found on the shelves of the promotional counter and turn them so that they are fixed (step 2). To adjust the graph, follow the steps in the next section.

GRAPHIC ATTACHMENT BY TENSION FABRIC AND SILICON STRIP

To adjust the textile with the graphic, simply wrap the aluminum structure and insert the silicone strip inside the rails of the shelves (step 4) and then close the back zipper (step 5).

For those cases in which the graphic is **supplied by the client**, we recommend making use of the materials listed in the following **QR code** (scan for downloading Excel file). Please contact us or visit www.cashdisplay.com for more information.
